

## Pledge's for Imaging Professionals

Yes, I want to *image gently*.

Recognizing that every member of the healthcare team plays a vital role in caring for the patient and wants to provide the best care, I pledge:

- to make the image gently message a priority in staff communications this year
- to review the protocol recommendations and, where necessary, implement adjustments to our processes
- to respect and listen to suggestions from every member of the imaging team on ways to ensure changes are made
- to communicate openly with parents Thank you for committing to the goal to *image gently* when you image or treat children.  
Spread the word in your department, practice, hospital or clinic.

**IMAGE WISELY™**  
Radiation Safety in  
Adult Medical Imaging

Yes, I want to *image wisely*.

**I wish to optimize the use of radiation in imaging patients and thereby pledge:**

1. To put my patients' safety, health, and welfare first by optimizing imaging examinations to use only the radiation necessary to produce diagnostic-quality images;
2. To convey the principles of the Image Wisely program to the imaging team in order to ensure that my facility optimizes its use of radiation when imaging patients;
3. To communicate optimal patient imaging strategies to referring physicians, and to be available for consultation;
4. To routinely review imaging protocols to ensure that the least radiation necessary to acquire a diagnostic-quality image is used for each examination.

**Digital Radiography Solutions** "Maximizing Image Quality, Minimizing Patient Dose"

Disclaimer: Digital Radiography Solutions (dRs) cannot be held responsible for any images taken or passed at your facility. Your radiologist or physician always has the final say if the image is of diagnostic value.
