

## Pledge's for Imaging Professionals

Yes, I want to *image gently*.

Recognizing that every member of the healthcare team plays a vital role in caring for the patient and wants to provide the best care, I pledge:

- to make the image gently message a priority in staff communications this year
- to review the protocol recommendations and, where necessary, implement adjustments to our processes
- to respect and listen to suggestions from every member of the imaging team on ways to ensure changes are made
- to communicate openly with parents Thank you for committing to the goal to *image gently* when you image or treat children.  
Spread the word in your department, practice, hospital or clinic.

**IMAGE WISELY™**  
Radiation Safety in  
Adult Medical Imaging

Yes, I want to *image wisely*.

**I wish to optimize the use of radiation in imaging patients and thereby pledge:**

1. To put my patients' safety, health, and welfare first by optimizing imaging examinations to use only the radiation necessary to produce diagnostic-quality images;
2. To convey the principles of the Image Wisely program to the imaging team in order to ensure that my facility optimizes its use of radiation when imaging patients;
3. To communicate optimal patient imaging strategies to referring physicians, and to be available for consultation;
4. To routinely review imaging protocols to ensure that the least radiation necessary to acquire a diagnostic-quality image is used for each examination.

Digital Radiography Solutions "Specializing in Educational Conferences and Seminars"

**Disclaimer** - Digital Radiography Solutions (DRS) cannot be held responsible for any images taken or passed in your facility. Your radiologist always has the final say if an image is diagnostic.
